Your Reactions to the 9/11 Terrorist Attack

Participate in a New School survey about your memories of and reactions to the 9/11 terrorist attacks on the United States

Date: ____ / ____ / ____  Time: _____________

In this survey, we are going to ask you some questions about the 9/11 terrorist attack on America. It should take approximately 30 minutes to complete the questions in this booklet.

Your participation in this survey is strictly voluntary, and if for any reason taking part might prove distressing for you, feel free to discontinue your participation at any time.

To insure that your responses will remain confidential and anonymous, we’d like you to assign an identification code to your response book. We will not keep records that link this code to your name. The only way your name and responses could be linked is if we contact you in the future (e.g. for a follow-up study) and you provide us with the code that you have generated now. If you filled out a survey last year, please put your code below. If this is the first time you filled out the survey, your code will be 7 letters and should have two parts that you can easily remember. The first part will be the first 4 letters of your mother’s maiden name. The second part will be the first 3 letters of the city or town in which you were born. Please enter this code now in the space provided:
